

Integrated Micro is an independent distributor and a global leader in the delivery of innovative electronic components and logistics solutions. Our company operates a highly effective global sourcing network with affiliated offices in Asia, Europe, and the Americas, providing a broad range of integrated sourcing solutions to leading original equipment manufacturers (OEMs) and contract manufacturers (CMs) across a range of industries.

Integrated Micro expertise in quality assurance, technology, and supply chain management, together with our leadership in the global deployment of Lean and Six Sigma, enables us to provide a competitive advantage to our customers by improving time-to-market, scalability, and efficiency.
